would be willing to provide this coverage. I can't believe that there would be testimony of insurance companies saying that they wouldn't want to provide either one of these coverages. They are going to receive a premium for it, like they are going to receive a premium for this benefit. There is nothing for nothing, whether they break out this claim or not, it is still represented in their overall experienced picture and they are going to charge the public for this benefit. They are also going to charge the public for drug abuse and alcoholism. They are also going to charge the public for the unwed mother provision and, as a matter of fact, Minnesota within the last two years has just passed the unwed mother provision, the state of Minnesota's Legislature, and this is the ideal place to put in this amendment. This is the ideal bill to tack it on. It's totally consistent with the philosophy and the thinking of the proponents of the bill, as they said, as the bill has progressed across the floor. These rates that we are talking about are filed with the Insurance Department. They are sold in the state of Nebraska today and so, if this body, if this body agrees that we need the initial LB 28, it also has to go along with the same thinking, the same philosophy on these two additional items we are trying to amend on to LB 28.

PRESIDENT: Senator Chambers, for what purpose do you arise?

SENATOR CHAMBERS: Did he close? Was that his closing?

PRESIDENT: Yes, it was, Senator. The question is, the Dworak motion to return LB 28 to Select File for a specific amendment. Record your vote. Record, Mr. Clerk.

CLERK: 7 ayes, 18 nays, on motion to return.

PRESIDENT: Motion fails. Senator Kelly, for what purpose do you arise?

SENATOR KELLY: Mr. President, I move we advance LB 28. Don't need it. Pardon. Thank you.

CLERK: It is on E & R Final now.

SENATOR KELLY: Thank you. Do we unbracket it now? How do we move it? Is it all done?

CLERK: Mr. President, we still have 474, which was laid over.

PRESIDENT: Is Senator Marvel ready to act on LB 474? We are on General File. The first bill is 582. Senator Richard Lewis.

SENATOR RICHARD LEWIS: Mr. President, I notice we have 379 bracketed for today. Did Senator Kremer have an amendment for that? It was bracketed for a day certain.

PRESIDENT: We will recognize Senator Burbach.

SENATOR BURBACH: In response to Senator Lewis' question, 379 will be next. It is on the calendar. We have 582 which was a request made yesterday to be placed at the head of General File but we will have sufficient time to take care of 379, 575 and 529 and hopefully others.
